In this Kosher guide you will find:

- List of products that are 100% natural, without additives and, therefore, are considered acceptable to be used without Rabbinical supervision, and can be bought in any local store *(pages 2-3)*
  Please note: some of these products sold in Riga have Rabbinical supervision. These are marked with a ↓ (you will find them listed in the next section).
- List of products sold in Riga that have Rabbinical supervision, divided into Food Products, Beverages, Sweets and Snacks *(pages 4-21)*
  Please note: it is preferable, whenever possible, to buy food products made under Rabbinical supervision. In case the list indicates a Kosher symbol, a country of origin or a code, it must appear on the package; otherwise the product is approved as is.
  Important: products marked with a ⊠ are Kosher, but not Mehadrin, meaning they are not Pas Yisroel, Cholov Yisroel or Bishul Yisroel.
- List of stores which sell some Kosher products *(page 22)*
- Pictures of Kosher symbols for easier identification *(page 25)*

This Kosher Guide is not final, as we are constantly working on finding and adding more Kosher products to the list. Products marked in grey are currently out of stock. If you have any questions, comments, or if you find any Kosher product not mentioned in the list, please let us know so we can update the list (at admin@chabad.lv)
